## #1 HOTEL IN AUSTIN

TRAVEL + LEISURE'S WORLD'S BEST AWARDS 2022

Situated in Downtown's 2nd Street District, Austin Proper Hotel and Residences offers an artful immersion in lifestyle and wellbeing. With an emphasis on collaboration, Austin Proper features both inspired interiors by acclaimed designer Kelly Wearstler and is guided by the culinary creativity of Austin tastemaker MML Hospitality. Essentials include 238 rooms and suites; 99 branded residences; four unique settings for dining and drink; a focus on wellness with a dedicated spa and fitness center; and a variety of atmospheric event spaces. And it wouldn't be Proper without a 5th floor pool deck offering small-batch tequilas and sunset views.

## BUILDING

Austin Proper's 32-story Downtown setting merges a 238-room luxury lifestyle hotel with 99 exclusive residences. The sculptural construction integrates the work of award-winning Handel Architects and interior designer Kelly Wearstler in a progression of atmospheres including two pools, 14,000 square feet of event spaces, and multiple dining concepts by MML Hospitality. In step with Austin's natural lifestyle, LEED® Gold certification minimizes footprint and maximizes sustainability. To promote wellness for those who stay and work with Proper, these rigorous environmental standards extend from water use (reclaimed irrigation systems, in-building chilled water loops, centralized boilers) to low-VOC paints, energy-efficient LED lights, and insulated dual-pane windows that save energy and block UV.

## INTERIOR DESIGN

Kelly Wearstler's creative direction for the design of Austin Proper features a layered, individualistic aesthetic, created in collaboration with local artisans and craftspeople, and developed in conversation with surrounding landscape and distinct Austin spirit. The historical influence of Austin's most stately homes inspire eye-catching details throughout the property, including a sculptural staircase installation of patch-worked vintage rugs. Local artists and materials are featured prominently throughout, with every surface adding textural interest: pots, trays and cabinet inlay tiles by ceramicist Rick Van Dyke; photography by Barry Stone; locally quarried travertine on the pool deck; custom millwork cypress shou sugi ban paneling and antique mirror finishes.

## ROOMS & SUITES

With Austin as muse, each of the 238 rooms and suites have been thoughtfully designed by Kelly Wearstler for refined living and restful evenings. The design is deeply influenced by local craft and material, from raw travertine sourced at nearby quarries, to trays by Rick Van Dyke and original fiber artworks by Magda Sayeg. Well-considered appointments include Aesop bath amenities, Kelly Wearstler x Parachute Home robes, and signature Proper beds layering Simmons Providence Mattresses, and Bellino Fine Linens.

## WELLNESS

Maintaining Proper health is key, no matter where your travel takes you. Our Verbena Spa includes a soothing lounge, five dedicated treatment rooms, men's and women's locker rooms with steam showers, and wellness experts on call. Our spacious 2,000-square-foot Saracen Gym, open 24/7, features state-of-the-art strength training, weight and cardio equipment, and exclusive access to outdoor classes, including yoga and boot camp.

## EAT & DRINK

Leading Austin Proper's dining front is MML Hospitality, the award-winning team behind many of Austin's best dining & entertainment spots. At the ground floor eatery, The Peacock, guests can savor Mediterranean-inspired foods and flavors that are colorful, healthy, and wholesome, paired with house-made pita from the wood-burning oven. On the rooftop pool deck, the coastal Mexican restaurant, La Piscina, offers wood-fired seafood, fajitas, and a raw bar. The living room-like Quill Room—our second floor lounge—offers the intimacy of a sophisticated social club, framed by an incredible view of the landmark Butterfly Bridge. With interiors evoking the textural warmth of a bygone era, built-in bar,

a self-playing piano, and bespoke vintage furnishings sourced around the world, find a cozy destination for mingling, sharing bites, and sipping craft cocktails.
